Country of residence
Stakeholder category
Gender
Age group
Highest level of education attained
I have a clear understanding of the concept of Corporate Social Responsibility (CSR)
CSR practices are influenced by cultural values in my country.
Socioeconomic conditions strongly shape how companies implement CSR in my country.
Government regulation plays an important role in guiding CSR practices in my country.
CSR priorities in Europe differ significantly from those in Sub-Saharan Africa.
Nestle has a clearly defined global CSR strategy.
Nestle adapts its global CSR strategy to suit local conditions in my country.
Nestle CSR initiatives in my country address local social and economic needs.
There is consistency between Nestle global CSR commitments and its local CSR actions.
Nestle communicates its CSR activities effectively to stakeholders in my country.
Nestle CSR initiatives have contributed positively to labour rights in my country.
Nestle environmental sustainability initiatives are effective in reducing negative environmental impacts.
Nestle CSR programmes have improved community development in my country.
Nestle CSR activities have made a positive contribution to education and health outcomes.
Nestle CSR initiatives have a meaningful impact on local communities.
I trust Nestle commitment to fulfilling its social responsibilities.
Nestle engages adequately with stakeholders when designing CSR initiatives.
Stakeholder feedback is taken seriously by Nestle in its CSR decision-making.
Nestle CSR efforts are motivated by genuine concern for society rather than reputation alone.
I am satisfied with Nestle overall CSR performance in my country.
