

## Consumer Behavior of Edible Insects in Nigeria

I am a student at the Czech University of Life Sciences pursuing a master's degree in International Development and Agricultural Economics. My name is Elegbede Deborah Oluwakemi. The purpose of this survey is to assess Nigerians consumers' attitudes towards Edible Insect consumption in Nigeria. This research would enable me to complete my studies as it is a requirement for the study programme. Your contribution is voluntary and the information you give will be treated confidentially. Your lack of participation or participation itself will not have any adverse consequences on you. The questionnaire will take approximately 15 minutes to complete.
