Meat Enjoyment

It is not a sustainable choice for health reasons. I want to be healthy and therefore I will not go vegan again.

How do vegan get enough vitamins and nutrients ?

By taking vegan supplements rich with vitamins and nutrients

By eating diversified variation of food

Vegetables

Balanced Vegan diet

From vegetable and fruits

With edibles and Vitamins

Vegetarian meals, Family eating preferences/ routines

Balanced diet, additional supplements

I don't know

Dal bhat tarkari

Supplements

Fruits and vegetables

No idea

Greens, fruits and vegetables

From vegetables and salad

There are different vegetables and fruits which can fulfil my need

I'm not vegan

Yes from nuts, vegetables and fruits

Green, leaves , vegetables , seeds and nuts , fruits, tahini , flour e

I don't think so they can get enough nutrients

millions of greens vegetables and plant based products

Vegetarian meals, Family eating preferences/ routines, Cost, But I'm us

they don't, they will always lack essential nutrients of animal origin

They eat healthy enough vegetables etc. and most of them do Yo

By consuming fruits in vegetables

Vegetables and fruits all full of vitamins and nutrition

probably from legumes, seeds and supplements (in pills etc.)

Take supplements

Supplements

Vegetable and fruit

Vegans are tend to be lack of vitamin b12 need to get from suppl

This is a myth that vegans cannot get all nutrients

They don't.

I'm not vegan so not completely sure to be honest

Well, beans carries more nutrients than meat, I am by birth vegeta

I take vita in b12. The rest is already everything in my food

I think they get enough vitamins and nutrients through different ve

Supplements and certain food like lentils and stuff.

By using supplements

Fruit and veg I got guess

Like everyone else with diet

With other nutritional foods

Legumes, fruits and veggies

Diet, and if necessary supplements

Either following a very thoughtful diet or supplements. A lot of veg

I dont know

with variety of food

by having varied and balanced diet, i feel like most of the vegan p

They don't get any more vitamins and nutrients than any meat-eat

From fruits and nuts

requires at lot of effort for a vegan meal to taste great. Not using b

with synthetic suppliments

What is your philosophy on Food?

Food is a basic need.

Eat what makes you not only healthy but also happy.

Enjoyably eat

Artistic, healthy, identity reflecting, affordabl.

Eat vegetation food with meat sometimes

Listen to your body

Enjoy

As long as man massacre animals they will kill each other indeed who sows the seeds of murder and pain cannot

You are what you eat !

Eat what make you healthy

Go green

I don't like to eat meat or I don't want to punish animals or kill them.

Due to welfare of animals

I like honey and other things made by animal eg eggs and dairy products

I respect animals and don't want to kill them

tc

Everything should be eaten and meat is also good for health

vegan is healthy, sustainable and good for planet earth

sing vegan stuff

a balanced diet is the best approach. everything in moderation

When I started using more green vegetables day by day. It made my day and also my body started dislike fastfo

Anything you eat to maintain life and growth

I love any kind of food

I think that anyone is allowed to eat whatever they want, even if it's considered healthy or not by others. I try to ea

Try not to eat processed foods and make my own meals or choose restaurants that have my same values.

Eat what you love.

Pleasure

Eat balance, Less meat, No dairy, No pork

The smarter the animal is the more I try not to eat it.

Eat how your you feel.

It's all about balance!

Food brings good mood.

I eat healthy but sometimes I cheat

Food resembles your overall character and your health. Healthy food is peaceful mind and healthy body.

No junk food

Makes you even happier when sustainable!

Eat with moderation

health & balance. no extremes.

Enjoyment and a healthy balance! We are what we eat

Meat is murder

You become what you eat

Variety and equilibrium

Food is sacred. We can and should focus on reducing meat consumption.

I follow the Michael Pollan advice: "Eat food, not too much, mostly plants". By food he means the real deal, not th

Enjoy it

Love the food you eat. Enjoy the process of making the said food as it will prove to be worth the effort.

Do not make suffer animals in order to feed myself

N/A

Eat what my body feels

Everything moderately and balanced should become the standard. Meat isn't bad, we have just gotten used to ea

Balance diet

I dont know

balance, variety and enjoyment is important

Good food isn't just tasty, it promotes a healthy lifestyle, after all you're what you eat.

er if they have very rigid and unhealthy diet. Wrongly put question.

I live to eat food. Food is love.

butter, cheese, cream or meat means you need to really have a lot of talent and time in the kitchen to make a prop

eat what makes me healthy

st reap the joy of love.

od

at as healthy as I can, the way I see "healthy foods". Also, I don't limit myself very much and I allow myself to

things that the food industry creates. Besides that, I believe in balance and variety are the way to go.

ating it everyday, which is bad.

per tasting dish. I love to cook and I often cook vegan but it is a lot of work.

o also eat junk food, sugars etc. when I'm craving. I am also trying to cut off meat, so for now I'm eating less

and less because I think a vegetarian diet is really not hard to succeed and it's most sustainable for the env

ironment and health. But, in the same time, I am pro for the local meat and dairy industries which I don't thi

nk pollute that much and actually produce qualitative food, not like the big markets do.
