

Appendices

List of the Appendices:

Appendix: Sections of the cultivars investigated

Appendix: Sections of the cultivars investigated

Whole single fruit, cross and longitudinal section of each cultivar found during the market survey, presented in three rows, according to their main purpose and morphological similarities:

- 1st row - Plantains: 'Bellaco', 'Común' and 'Mameluca'
- 2nd row - Multi-purpose cultivars: 'Capirona', 'Isla', 'Campeon' and 'Sapucho'
- 3rd row - Primarily dessert-type cultivars: 'Manzano', 'Muquicho', 'Rojo' and 'Seda'
