# HOW CAN YOU CREATE YOUR INDIVIDUAL CHOCOLATE?

You can choose what ingredients you want to feel in chocolate. Or you can say what taste you want, and I will pick up the ingredients for you to get it.

## What can be in the composition:

- Dried fruits
- Nuts
- Spices
- Additions
- Essential oils
- Bach essence

## LESS IS MORE

JUJU is healthy chocolate made by only natural bio ingredients. JUJU is sugar, gluten and dairy free. Instead of this I use coconut sugar, cacao butter and cacao beans. Each bar of chocolate is unique, because we are unique, we must preserve and protect our features.

## FAIR TRADE

I also want to help people who work on cacao plantations, so I use fair trade ingredients. Therefore, when you buy JUJU chocolate, you not only make it pleasant for yourself or your loved ones, but you also help people.

## WHAT DOES IT MEAN?

JUJU is magical power and luck attributed to such an object. I introduce my positive energy to the chocolate during cooking. This is hand made chocolate prepared with love.

## I AM TANYA

Chocolate is magic! And I want everyone to discover it' magical side. When you eat chocolate, time stops especially for you and makes your feelings more vivid After all, life is about feelings and emotions! Let's feel them 100%.
