Other comments or suggestions:

Mr. Kumar was very excited at first and chose this topic himself. However, the initial enthusiasm was followed by a long pause of non-communication with the supervisor. He then submitted a text, which he consulted with the leader only minimally. Under normal conditions, I would consider this text just an elaborater proposal of the first theoretical part of the thesis and the second practical part of the thesis would look completely different.

Plagiarism control: The system Theses.cz has not assessed the thesis as suspicious.
