

## **List of tables and figures:**

### **List of tables:**

Table 1: Prague Zoo - Observation (24.1.-26.4. 2015)

Table 2: Prague Zoo - Observation of nursing (10.12.2012 – 9.9.2014)

Table 3: Olomouc Zoo - Observation

Table 4: Observation table

Table 5: Nursing duration

Table 6: Influence of distances – The nursing duration

Table 7: Influence of distances - The successful suckling rate

### **List of figures:**

Figure 1: Graphical representation of comparison between nursing duration and initiation of start

Figure 2: Graphical representation of comparison between nursing duration and initiation of end

Figure 3: Graphical representation of comparison between nursing duration and position of calf

Figure 4: Graphical representation of comparison between nursing duration and sniffing

Figure 5: Graphical representation of comparison between nursing duration and nursing of filial calf

Figure 6: Graphical representation of comparison between successful suckling rate and filial/non-filial offspring

Figure 7: Graphical representation of comparison between distance and number of interaction
