Other comments or suggestions:

I appreciate the author has collected many sources corresponding to the topic which has been studied. Unfortunately, despite of consultations, the student did not improve problematic parts of the thesis following the recommendations. The student has been advised of the necessity to distinguish between the literature overview and the practical part. Though, the bachelor thesis does not meet all the standards required for the thesis.

I grade the bachelor thesis as “good”.

Plagiarism control: The system Theses.cz has not assessed the thesis as suspicious.
