**Other comments or suggestions:**

The present thesis deals with income inequality in Georgia. It is a high-level thesis.

Using Blinder-Oaxation decomposition, the wage gap from 2003 to 2022 is analyzed.

I recommend publishing the results of the thesis in the literature.

Minor inaccuracies (e.g. incorrectly inserted assignment or large gaps between paragraphs) do not affect the overall quality of the paper.

I rate the thesis as excellent and recommend it for defence

**Plagiarism control:** The system Theses.cz didn't find similarities in the thesis.
