Other comments or suggestions:

The presented thesis deals with a very topical issue. Methodically, the thesis is very well handled. However, the procedure is not sufficiently explained in the Methodology chapter.

A similar situation arises in the case of literary research, which is very good but, unfortunately, relatively short (11 pages).

The thesis is interesting, but it is very concise. The chapter on results and discussion should be expanded more widely.

Overall, the thesis is about 30 pages of text. This range corresponds more to a bachelor's work than a master's.

Although this is a perfect text in terms of content, its length significantly influences my final assessment.

I rate the thesis "good" and recommend it for defense for the reasons set out above.

Plagiarism control: The system Theses.cz has not assessed the thesis as suspicious.
