

SUPERVISOR'S OPINION OF BACHELOR THESIS

Study programme:	International Territorial Studies
Department:	Department of Territorial Studies
Author of thesis:	Dominika Murínová
Name of thesis: on Turkey	Justice and Development Party (AKP) and its influence
Supervisor of thesis:	Mgr. Ondřej Mocek

ASSESSMENT OF THESIS: (always add verbal comments)

1. COMPLIANCE WITH REQUIRED ASSIGNMENT:

Unfortunately the author did not respect the thesis assignment. The goals outlined in its work disagrees with the objectives of the assignment.

2. WORK WITH ACADEMIC LITERATURE:

Dominika Murínová try to work with both primary and secondary literature.

3. CONTENT LEVEL OF WORK:

Unfortunately the author didn't meet the aim of the thesis from assignment. She made her own goals of her work, but even those were not completely fulfilled.

Another problem of the work is that chapters are not linked to each other. For example, the reason for the chapter Economy is quite unknown, or why there are protests in Turkey discussed in such detail, although their description has nothing to do with the aim of the thesis.

There are also problems of the questionnaire. The sample of people is quite unrepresentative. The conclusions from it are so highly speculative.

4. FORMAL LAYOUT:

In formal terms the work is good. However proof reading would be appropriate to improve level of English used in the work.

5. COOPERATION WITH SUPERVISOR:

Although Dominika Murínová consulted his work, unfortunately she was unable to move the work to a level that would match the quality of the bachelor thesis despite comments the supervisor .

SPECIFIC REMARKS AND COMMENTS ABOUT THE THESIS:

Why did the author not respect the thesis assignment?

Considering the above, I suggest F, if the author will be able to defend diversion from assignment of thesis I proposes to evaluate by mark E.
