Other comments or suggestions:

Student has written interesting thesis.

Student used the thesis title "Gender stereotypes – career development in Russia". Do you think that you can apply results of research to all of Russia?

Student wrote that the majority of respondents are from Almetjevsk city. Where did the rest of respondents come from?

Questions for thesis defence:

1. What do you think is the result of gender segregation?
2. Do you think that gender stereotypes, which are in Almetjevsk, will soon change?
