ASSESSMENT OF THESIS: (always add verbal comments)

1. COMPLIANCE WITH REQUIRED ASSIGNMENT:

Compliance with required assignment is only partial. Mostly given objectives were not met.

2. WORK WITH ACADEMIC LITERATURE:

The state of the art also does not involve no new knowledge accessible from scientific journal, although supervisor reminded it several times.

3. CONTENT LEVEL OF WORK:

From the content level view the work is very chaotic and messy. The key logical structure is missing. From the scientific point of view student gathered some statistic data and made a brief description, but did not give any added value coming from data analysis.

4. FORMAL LAYOUT:

The formal layout of electronic version differs the printed version. It is visible, that the finalizing of the work was realized in a very short time. That is why citations are almost missing, figures and tables are not related to the text. The level of written English is also very low, especially in scientific terminology.

5. COOPERATION WITH SUPERVISOR:

The work is still in unfinished status. Unfortunately the final version of submitted bachelor thesis is insufficient.
