**Other comments or suggestions:**

The submitted thesis deals with a significantly up-to-date topic which is especially important for developing countries.

The length of the thesis is at the lower limit.

The methodology part of the thesis could be more detailed.

The author did not consult either the methodology or questions for the interview.

Part of the literature review should be in the practical part of the thesis.

The page number is missing.

I recommend the thesis for defence, and I rate it as good.

**Plagiarism control:** The system Theses.cz has not assessed the thesis as suspicious.
