## **QUESTIONNAIRE**

This survey is concerned with the Welsh language and English language relationship. The information gathered will be used for the grade thesis at the Technical University of Liberec and is entirely anonymous. The thesis is dealing with the language situation in Wales and its sustainability. Please answer all of the questions to the best of your ability.

If it is possible, indicate your nationality, country and your age, please.

### **Questions:**

1. Have you ever thought or heard about the Welsh language resurrection?
2. Do you know somebody who speaks Welsh?
3. How do you feel about the Welsh people?
4. Why do you think the Welsh language should/should not be sustained?
5. To what extent would you support the Welsh language? (Imagine there is a proposal to give 10 million pounds for Welsh schools teaching the Welsh language.)
6. Why do you think that it is/it is not important to take care of a heritage as such an old language?
7. Imagine you are a Welsh speaking person who moved to England. Should there be some schools providing education in the Welsh language?
8. Imagine you are an English person who moved to Wales. Should you be forced to learn the Welsh language?
9. How do you feel about this statement below?  
“The Welsh people should speak English and not bother with their own language.”
